

F200 Whole-House Media Air Cleaner

Honeywell

Get cleaner indoor air by choosing Honeywell's highest efficiency Whole-House Media Air Cleaner, the F200. When installed in your home's heating and cooling system, it traps and filters airborne particles and contaminants passing through the duct system to make sure that cleaner air is distributed to all rooms throughout your home. The F200 Media Air Cleaner is up to 97%* more efficient at removing airborne particles than a standard one-inch furnace filter, and maintains high airflow in your heating and cooling system so that it functions at full efficiency. Get the benefits of a whole-house solution for improving the air in your home with a Honeywell F200 Media Air Cleaner.

F200 Whole-House Media Air Cleaner

CLEANER INDOOR AIR.

Highly Effective – Deep-pleated media filters have a large surface area to capture more airborne particles. Captures both microscopic particles like dust and smoke in addition to larger contaminants like mold spores and pet dander.

Replace Less Often – Lasts up to four times longer than a standard one-inch furnace filter. Replace every 6-12 months versus monthly or quarterly changes.

Simple Maintenance – Simply open the door to replace the filter.

Easy to Upgrade – The F200 can be easily converted to a higher-performance electronic air cleaner.

Superior Performance – The F200 is up to 40 times more effective and is up to 97% more efficient at capturing airborne particles compared to a standard one-inch filter.

Whole-House – Cleans the air in all rooms throughout your home.

Widely Compatible – Works with all gas, oil and electric forced air furnaces and air conditioning systems.

Helpful Reminder – The wireless AirWatch™ system reminds you when to change your filter.

F200 Whole-House Media Air Cleaners

Part Numbers - US	Part Numbers - Canada	Size	AirWatch™ Replacement Indicator
